Remember Me

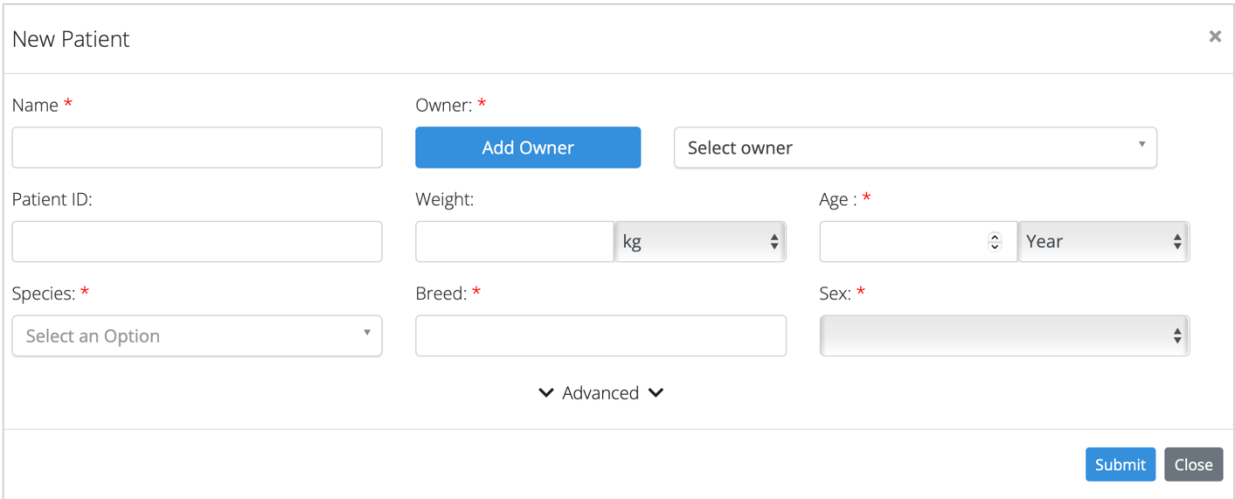

**If you have not yet registered, click the 'Sign-up' link and input the required clinic and user information. After your account has been confirmed and activated, you will be contacted soon (typically less than 24 hours) with additional log-in information.*

Submitting a case or service request

- 1. To submit a request for an in-clinic consultation and/or telemedicine case review, begin by clicking on the 'Create New Case' icon to the right of the current service list.
- 2. Select a service to be provided from the drop-down list.
- 3. Enter patient information

Create New Case

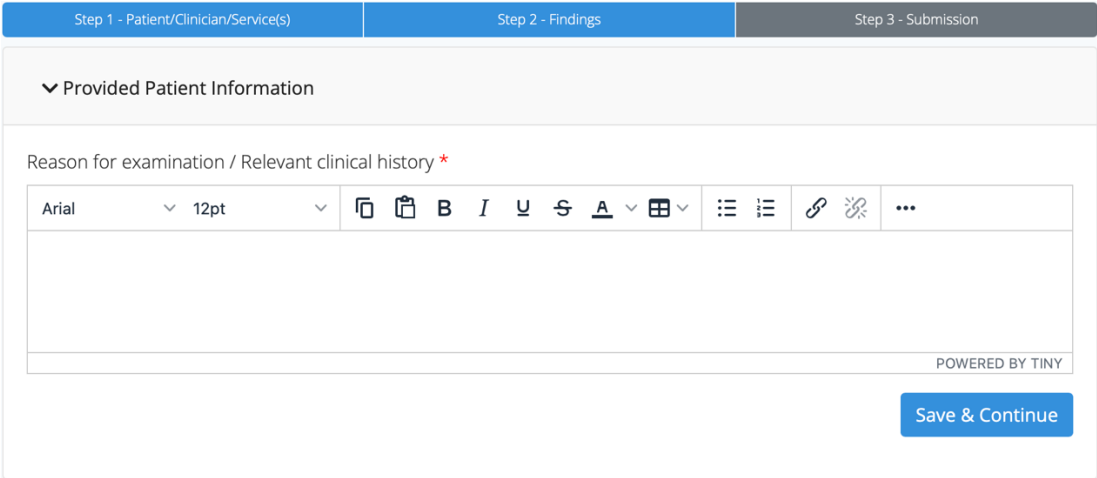

If the patient has already been entered into the CVC Timeless database, select a patient from the drop-down list. If the patient has not previously been entered, choose 'Add Patient' and enter the necessary patient information (*Note: items marked with a red asterisk* are required*). Once the patient information has been input, click 'Submit'.

The 'New Patient' form contains the following fields and controls:

- Name ***: Text input field.
- Owner: ***: Includes an 'Add Owner' button and a 'Select owner' dropdown menu.
- Patient ID:**: Text input field.
- Weight:**: Text input field followed by a unit dropdown menu (currently set to 'kg').
- Age: ***: Text input field followed by a unit dropdown menu (currently set to 'Year').
- Species: ***: Dropdown menu with 'Select an Option'.
- Breed: ***: Text input field.
- Sex: ***: Dropdown menu.
- Advanced**: A toggle switch currently set to 'off'.
- Submit** and **Close**: Action buttons at the bottom right.

- 4. Enter any necessary patient information (including reason for examination/relevant clinical history, physical examination findings, medications, response to therapy, etc.) as well as clinical questions or concerns to be addressed.

The clinical history form is part of a three-step process:

- Step 1 - Patient/Clinician/Service(s)**: Active step.
- Step 2 - Findings**: Next step.
- Step 3 - Submission**: Final step.

The form content includes:

- Provided Patient Information**: A section header with a dropdown arrow.
- Reason for examination / Relevant clinical history ***: A text area with a rich text editor toolbar (font: Arial, size: 12pt, bold, italic, underline, strikethrough, link, unlink, etc.).
- POWERED BY TINY**: Text at the bottom right of the text area.
- Save & Continue**: Action button at the bottom right.

- 5. Upon entering the necessary patient information and clicking 'Save & Continue', you will be directed to the consult report page where you can review the case request details and also attach any necessary documents to be reviewed or that are relevant to the case (i.e., thoracic radiographs, ECG recordings, medical records, bloodwork). Attachments can be added by clicking the 'Add Attachments' link. This will open a new window where files can be located and uploaded or added using a drop and drop feature.

Case #: TVC-CASE-3476
Status: Pending

Patient: Fig Edit
Owner: Bottorff

New Comment

A 'Comments' section is also available at the bottom of the page where additional comments can be input that will not appear on the final report.

- 6. Once all patient information and related documents have been input, the consultation request can be submitted by clicking the 'Submit Case' button. This will automatically inform the Cascade Veterinary Cardiology team of your case request. If an in-clinic/mobile evaluation has been requested, your clinic will be contacted within 24 hours to schedule the consultation. If you have requested a telemedicine service, you will automatically receive an email with a finalized report when the case has been reviewed.
